

# About Grandview Kids

Grandview Kids provides family-centred paediatric and rehabilitation services for children and youth with physical, communication and developmental needs. Founded in 1953, Grandview Kids is Durham Region's only Children's Treatment Centre, serving more than 10,000 clients, aged 0 to 21, every year. We also recognize families and caregivers as key partners in our clients' circle of care.

## Referral process

We accept self-referrals from clients and caregivers through our website at [grandviewkids.ca/self-referrals](https://grandviewkids.ca/self-referrals). On our self-referral webpage, click "Complete the self-referral" to initiate one.

Our Service Navigation offers a "No Closed Door" policy. This means our team will do their best to connect clients/caregivers with services to meet their needs, which could be offered by Grandview Kids or other organizations in the community. Eligibility for services is identified based on an established set of criteria.

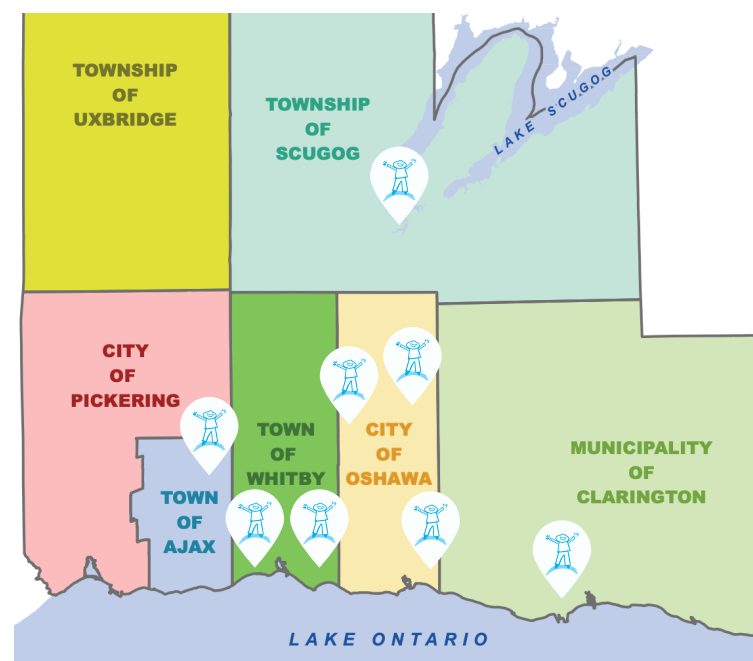

Physician referrals are required for Medical Services, using our electronic referral form: [grandviewkids.ca/physician-referrals](https://grandviewkids.ca/physician-referrals).

## Our locations

Grandview Kids supports clients in the community at schools and licenced child care centres, as well as across eight office locations throughout the Durham Region.

## Ability Acceptance Program

The Ability Acceptance Program is available to local businesses, schools, licensed child care centres and community organizations in the Durham Region. The program enhances understanding, acceptance and inclusive practices for those with different needs or abilities. The presentations are delivered by former Grandview Kids clients with lived experience. To inquire, please email [Mitchell.Daniels@grandviewkids.ca](mailto:Mitchell.Daniels@grandviewkids.ca).

## Family Leader Program

The Family Leader Program at Grandview Kids comprises parents, caregivers, clients and siblings who support Grandview Kids as our advocates, ambassadors and advisors. We recognize clients and families/caregivers as important partners in care and consistently seek to embed their voices into our programs, services and decision-making processes. To get involved, please email [familyengagement@grandviewkids.ca](mailto:familyengagement@grandviewkids.ca).

## The New Grandview Kids

With a focus on hope, belonging, discovery and celebration, the New Grandview Kids headquarters – currently under construction in Ajax – will be a Centre of Excellence in paediatric rehabilitation. The inclusive, welcoming state-of-the-art facility will be home to a mix of rehabilitation, medical and clinical services, as well as education and research activities. To learn more about this exciting project, please visit: [grandviewkids.ca/the-new-grandview-kids](https://grandviewkids.ca/the-new-grandview-kids).

**Connect with us! Follow @GrandviewKids on Facebook, Instagram and Twitter.**
