Service Description: Group-Based Service Model

Service Description

- ☐ The Entry to School (ETS) program has two components: the first component is a 'School Readiness' 6-month group-based program. The second component involves transition to school supports provided by your Entry to School consultation team for up to first 6 months your child enters school.
- ☐ The group-based program will be delivered by staff with knowledge supporting children with Autism Spectrum Disorder, applied behaviour analysis, and early childhood development. These staff will be supported by a Speech-Language Pathologist, Occupational Therapist, and Behaviour Consultant.
- ☐ ETS focuses on developing the following six skill areas that are critical for school success:
 1. Social Interaction
 2. Play
 3. Communication
 4. Functional Routines
 5. Behavioural Self-Management
 6. Pre-Academics (Learning and Attention)
- ☐ The ETS program recognizes that parents/caregivers are the experts on their children and their children's needs.
- ☐ The ETS staff welcomes collaboration and input from parents to ensure their child benefits fully from programming.
- ☐ Should needs arise beyond the scope of services provided, the ETS Team may recommend consultation or referrals to support those needs and, when appropriate, help coordinate these consultations with appropriate consent to ensure that the best interests of your child and parent/caregiver(s) are considered.
- ☐ The ETS program incorporates evidence-informed practices. This includes selecting the least intrusive strategy to support a child's success (e.g., using pictures to encourage a child's independence in the classroom).
- ☐ The agencies delivering the ETS Program are committed to the provision of high-quality services.

- ☐ The ETS Team is committed to fostering an environment of compassion and belonging in which employees and service recipients feel supported and respected. This community of belonging is one in which everyone is treated with dignity and promotes the voices/opinions of people from all different races, ancestry, place of origin, colour, ethnic origin, citizenship, faith/creed, sex, gender identity, gender expression, sexual orientation, age, marital status, family status, socioeconomic status, disability or different abilities. We are committed to supporting and adapting services for clients and their caregivers based on your needs as they apply to the services we offer.
- ☐ The ETS services are voluntary. At any time during service provision, the parent/caregiver can withdraw or decline to participate in services. You can withdraw your consent for services by communicating with a member of the Consultation team (OT, SLP, BC), Transition Coordinator, and/or Clinical Manager.
- ☐ Please note staff are not allowed to have a relationship (including social media) with client/caregiver(s) outside the service relationship provided.

Caregiver Responsibilities and Commitment

Caregiver Responsibilities

Caregivers are responsible for:

- ☐ Transporting child to and from ETS location at agreed upon service time, please note that staff are not permitted to transport clients/caregiver(s) to or from any location.
- ☐ Caregiver to be available for pick-up should their child become ill.
- ☐ Providing materials needed for participation in the program as requested (see below).
- ☐ Communicating relevant information to the team to support programming (e.g., sleep disruptions, family events that may impact the child or attendance, significant changes at home, etc.).
- ☐ Asking questions and seeking clarification from clinicians, as needed.
- ☐ Providing feedback on skill development outside of the group.

Attendance Guidelines

The following attendance guidelines help ensure the most effective and efficient service for your child.

1. The ETS program will follow all local, provincial and federal guidelines related to Public Health, which may include completing and passing a health screen prior to the school day by the classroom team. Any updates to health protocols will be sent to you via email.
2. If your child is sick and has any of the following symptoms: fever/chills, diarrhea/vomiting, new rash, or any other symptom of infectious illness, please do not attend the program until symptom free for 48 hours and follow current Public Health guidelines. This is for the protection of the health of our team members and other participants.
3. If your child will not be attending on their scheduled day (due to illness or for any other reason), please contact your clinician **at least 24 hours** in advance, if possible.

4. A group session may be canceled on any given day due to extreme weather conditions (e.g., snowstorms, ice storms, etc.), extenuating circumstances (e.g., power outage), or staff sickness and vacation.
5. There may be times throughout the year when the ETS program does not offer service (e.g., holidays, shutdowns, professional development days and team meetings). Caregivers will be notified in advance of the date when the group program is not in session.

Privacy, Confidentiality, and Sharing Information

1. The Client/Parent/Caregiver(s) acknowledge having been advised that all staff are bound by an "Oath of Confidentiality". If during the course of the program it becomes necessary for program staff to communicate with other professionals outside of the partner agencies/program, staff will request written consent to share/disclose any personal health information.
2. Placement students being supervised by members of the service team must sign an "Oath of Confidentiality" prior to involvement in the delivery of the ETS program. Parents/caregivers will be notified in advance if a placement student will be present in the program.
3. All confidential information collected will be stored on a secure drive and electronic database, only accessed by those requiring access for clinical or administrative purposes.
4. Your child may be recorded during some sessions. This will be used for the following purposes: to assist in the training of the ETS program staff working with your child, supervision/collaboration to assist in redesigning your child's program, and as a record of your child's progress. Specific consent will be sought if recording is required for any and all purposes.
5. Virtual services may be held via Google Meet/Microsoft Teams video conferencing platforms which are compliant with the standards of care under the Personal Health Information Protection Act ("PHIPA"). Additional consent will be sought if services will be delivered using this modality.
6. The ETS team members, as recognized providers of services to children, have a duty to report any immediate safety concerns, alleged or witnessed physical altercations/conflict, alleged, reported, or suspected abuse, mistreatment and/or neglect, or inappropriate treatment of children or adults. If you would like more information about this, please contact a member of your ETS Team.

Next Steps

- If you have not already done so, please complete [ETS Screening Tool](#) to ensure our clinical teams can best support your child
- You are encouraged to register your child for the September 2024 school year as early as possible. If you require support to register, reach out to your Transition Coordinator once the program starts in February 2024.
- In February 2024:
 - You will receive a welcome email from your child's Group Program team that will provide you with information relating to your chosen location.
 - You will be invited to an orientation for the Entry to School program's Group-Based Service Model. During this orientation we will ask you to complete our consent for service.
 - You will be invited to a "meet and greet" with your Group Program team at your location prior to the start of the program.
