

**What's Different
At Grandview?**

**Hi my name is Joe. I
went to Grandview
yesterday and I wanted
to show you what's
different.**

**Before we could walk
inside and check-in
before we play.**

**Now a grown up
would need to text
Grandview to let us
know when we're
ready for learning and
fun.**

Arriving at Grandview

Steps to follow:

- 1. Please park and stay inside your vehicle.**
- 2. TEXT 905-289-1019 and include:**
 - **Parent First Name**
 - **Child's First and Last Initial**
 - **Time of appointment**
- 3. You will then be called when your clinician is ready.**

The waiting room is closed so they can store face masks, and gloves

When we come to visit
Grandview we have to
keep a safe space for
safe play

**Now we can't
swim in the
pool anymore.**

And all of the toys are in bins to keep clean

**If you want to take
a book home it's no
problem.**

**You just have to
ask a grown up!**

**That's the Grand tour of
Grandview. Where you
will play a new way and
make new friends.**
